EDUCATION

2010	PhD in Medical Science, Yeungnam University, Daegu, Korea. Combined graduate program, 2006–2010. Dissertation: The Beneficial Effect of Pamidronate on Osteoporosis After Therapy for Childhood Cancer. Advisor: Jeong Ok Hah, MD, PhD.
2001	MD, Yeungnam University College of Medicine, Daegu, Korea. Premedical studies, 1995–1996; Medicine, 1996–2001.

ACADEMIC AND CLINICAL APPOINTMENTS

Mar 2025–present	Professor, Department of Pediatrics, Pusan National University School of Medicine and Pusan National University Children's Hospital.
Mar 2024–Feb 2025	Professor and Clinical Department Head, Department of Pediatrics, Yeungnam University Medical Center.
Mar 2019–Feb 2024	Associate Professor, Department of Pediatrics, Yeungnam University Medical Center.
Mar 2013–Feb 2019	Assistant Professor, Department of Pediatrics, Yeungnam University Medical Center.
Mar 2012–Feb 2013	Clinical Instructor, Department of Pediatrics, Yeungnam University Medical Center.

RESEARCH INTERESTS

- Pediatric leukemia, lymphoma and solid tumors; cellular therapy and immunotherapy.
- Hematopoietic stem cell transplantation and treatment-related complications.
- Benign and inherited hematologic disorders, immune thrombocytopenia and hemophagocytic lymphohistiocytosis.
- Childhood cancer survivorship, population-based epidemiology and health insurance database research.
- Digital tools for literature screening, clinical information retrieval and research workflows.

CLINICAL TRAINING AND EARLY EXPERIENCE

Mar 2010–Feb 2012	Fellow, Department of Pediatrics, Yeungnam University Medical Center. Visiting clinical fellowship, Asan Medical Center, Mar–Aug 2011.
May 2006–Feb 2010	Resident, Department of Pediatrics, Yeungnam University Medical Center.
2005–2006	General Practitioner, Pohang Sunlin Hospital.
Mar 2002–May 2005	Military Medical Officer, Republic of Korea Army.
Mar 2001–Feb 2002	Intern, Yeungnam University Medical Center.

CERTIFICATION

2012	Subspecialty Certification in Pediatric Hematology and Oncology, Korea.
2010	Board Certification in Pediatrics, Korea.
2001	Medical License, Republic of Korea.

PROFESSIONAL AND EDITORIAL SERVICE

Oct 2026–Sep 2028	Member, 4th Expert Committee, Center for Advanced Biopharmaceutical Regulatory Science, Korea Institute of Drug Safety and Risk Management (KIDS). Term: 1 October 2026–30 September 2028.
Sep 2026–Aug 2027	Clinical Advisory Committee Member, Clinical Advisory Support Program, Korean Academy of Medical Sciences (KAMS), for the Korea Medical Device Development Foundation (KMDF). Term: 1 September 2026–31 August 2027.
2025–present	Director of External Affairs, Korean Society of Pediatric Hematology-Oncology.
2025–present	Special Affairs Director, Korean Society of Blood and Marrow Transplantation.
Current	Guest Editor, Journal of Clinical Medicine. Special Issue: Insights in Hematology and Hematological Malignancies in Children, Adolescents, and Young Adults.
Mar 2018	Appointment as Assistant Editor, Blood Research; documented in the 2020 CV.

AWARDS AND HONORS

2023	Outstanding Paper Award, Clinical Pediatric Hematology-Oncology: IVIG treatment response and age in pediatric immune thrombocytopenia.
2023	Outstanding Publication Award, Korean Society of Pediatric Hematology-Oncology: long-term particulate matter exposure and childhood cancer.
2022	Outstanding Presentation Award, joint autumn meeting of the Korean Society of Infectious Diseases and Korean Society for Antimicrobial Therapy: viral epidemiology and febrile convulsion.
2020	Best Presentation Award, autumn meeting of the Korean Society of Pediatric Hematology-Oncology: particulate matter exposure and childhood cancer.
2018	Outstanding Presentation Award, 68th autumn meeting of the Korean Pediatric Society: pediatric venous thromboembolism using population data.
2017	Outstanding Paper Award, Korean Society of Hematology: pamidronate in children with low bone mineral density during and after leukemia/lymphoma treatment.
2016	Outstanding Presentation Award, winter meeting of the Korean Society of Blood and Marrow Transplantation: non-TBI myeloablative transplantation in pediatric ALL.
2011	Outstanding Research Article Award, Graduate School, Yeungnam University: pamidronate for osteoporosis after childhood cancer therapy.

PUBLICATIONS

Journal articles are grouped by authorship role and listed in reverse chronological order. Author lists are abbreviated where indicated; DOI links lead to the publication record.

First and sole author publications
